US Citizen in Huntington Station, NY

## Education & Certificates

- |  |  |
|--|--|
| ● M.S. in Computer Science, Adelphi University | Status - In Progress (Jan 2026 - Dec 2026) |
| ● B.S. in Computer Science, Adelphi University | Status - Graduated (Aug 2022 - Dec 2025)   |

## Projects

*PachinGO* ([www.playpachingo.com](https://www.playpachingo.com)) Aug 2025 - Present

- Built a frontend using Next/React, TypeScript and TailwindCSS to host a web-based game and its community functionality including searching for and sharing custom levels
- Built a backend using Node, Express and TypeScript to host a RESTful API for interacting with a MongoDB database and an AWS S3 bucket
- Wrote a Python microservice to generate level thumbnails
- Managed source code using Git and developed in Agile in a team of three developers using Jira as a project tracker
- Deployed to various cloud hosts including Vercel, Render and MongoDB Atlas

*dotconfig* Jan 2026 - Present

- Building a frontend using Nuxt/Vue, TypeScript and Tailwind to host a social platform for developers
- Building a backend using Gin and Go to host a RESTful API for interacting with a PostgreSQL database and serve a post recommendation algorithm
- Utilizing Docker for environment management and Github Actions to establish a CI/CD Pipeline to deploy on AWS ECS

## Work History
